Notice Regarding Payment Order of Items

The law permits us to pay items drawn on your account in any order (for purposes of this section "items" means checks, orders, and electronic transactions.) To assist you in handling your account with us, we are providing you with the following information regarding how we process those items.

When processing checks or orders drawn on your account, our policy is to pay them according to the dollar amount. We pay the largest checks and orders first. For electronic transactions, our policy is to pay them in the order that they are received.

The order in which items are paid is important if there is not enough money in your account to pay all of the items that are presented. There is no policy that is favorable in every instance. If the smallest items are paid first, you may have fewer NSF or overdraft fees, but the largest, and perhaps more important items (such as rent or mortgage payments) might not be paid. However, if the largest items are paid first, your most important items might be paid but it may increase the overdraft or NSF fees if funds are not available to pay all of the items.

If an item is presented without sufficient funds in your account to pay it, we may, at our discretion, pay the item (creating an overdraft) or return the item (NSF). The amounts of the overdraft and NSF fees are disclosed elsewhere. We encourage you to make careful records and practice good account management. This will help you to avoid creating items without sufficient funds and incurring the resulting fees.
